USAGE

# Ladder Base

Ladder Base is made from rubbers and polymers that provide excellent grip on a range of surfaces to help prevent your ladder from slipping.

- Reduces chance of movement at the foot of the ladder
- Protects the surface on which the ladder would normally stand from damage
- Reduces wear on the ladder legs

LADDER BASE				
SKU	Length (mm)	Width (mm)	Depth (mm)	Weight (kg)

# Work Platform

Use it as a tray for a paint bucket or tools, or use it as a sturdy, comfortable standing platform. Now you can stand on your ladder for extended periods without sore feet and bruised shins, and you can work with both hands.

- Stand securely and comfortably on the work platform's broad surface
- Use to hold your paint or tools
- Fits in seconds

## LITTLE GIANT WORK PLATFORM

SKU	Length (mm)	Width (mm)	Depth (mm)	Weight (kg)
1303-110	460	305	125	1.6

## TRAINING ACADEMY

Through our Working at Height Training Academy, we offer a selection of safety courses, ensuring we not only sell safe products, but also instruct operatives how to use our products safely. Most of our courses are certified by nationally recognised bodies, such as The Ladder Association, PASMA and St John's Ambulance.

Please see page 126 to 127 for more information.

# Extending Work Plank

The Little Giant Plank converts any of our multi-use ladders into a simple scaffolding. This high-strength plank enables a person to stand erect and use both hands while on the ladder and can be stored in nearly half of its extended length.

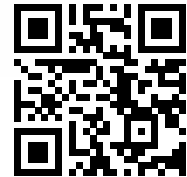

- Wide, slip-resistant platform for comfortable, secure footing
- Easy to extend and operate
- Stores in a fraction of its maximum working length
- Use with any Little Giant Ladder

## EXTENDING WORK PLANK

SKU	Length	Outer Width (mm)	Inner Width (mm)	Weight (kg)
1303-113	1.82—2.74	310	280	14.5

Ladders not included.
