# Tubesca Combi-Modul Platform Step

## Product Description

Fixed aluminium platform step available with a single or double sided handrail option, supplied loose which will fit the 4 and 5 tread steps. Constructed from heavy-duty channel section aluminium with deep-serrated anti-slip treads. Used for a variety of applications including routine maintenance on machinery in factory environments. It is possible to add a number of same sized treads to create an extra-long platform for servicing vehicles for example.

Module B is the base pack. Simply add additional packs to gain extra treads in the following order:

Module Pack B = 2 Tread step

Module Pack B + D = 3 Tread step

Module Pack B + D + E = 4 Tread step (Handrail option)

Module Pack B + D + E + F = 5 Tread step (Handrail option)

The steps bolt together
