

Little Giant Classic Velocity Multi-Purpose Ladder

**COMING
SOON**

[Representative image of product]

Features

- New, lighter aerospace grade aluminium construction
- Redesigned Double-Lock Hinge
- Spring assisted Rapid-Locks® for easy adjustment
- Splayed base for unmatched stability
- 24 ladders in one
- Tip & Glide wheels for easy transport

Product Dimensions

SKU	Rungs /Sections	Last Climbing Height	Approx. Working Height ¹ (mm)	Extended Length (mm)	Closed Length (mm)	Storage Width (mm)	Storage Depth (mm)	Nett Weight (kg)
1303-106	4 x 4	3156	4756	2700 - 4496	1390	620	210	13.8
1303-107	5 x 4	4303	5903	3300 - 5690	1690	700	210	17.7
1303-108	6 x 4	5451	7051	3900 - 6909	2290	790	210	22.5

SKU	Open Step Depth (mm)	Open Step Height (mm)	Approx. Working Height ¹ (mm)	Max Step Height (mm)
1303-106	1050 - 1600	1300 - 2184	2747	1147
1303-107	1250 - 1900	1600 - 2731	3321	1721
1303-108	1500 - 2300	2000 - 3221	3895	2295

¹ Working height is calculated as 1,600mm plus platform height or last climbing tread, whichever is appropriate. Ladders set at an angle of 75° degrees.

Specifications

- Warranty: Lifetime
- Max Load: 150kg
- Standard: EN131-4
- Material: Aluminium
- Commodity Code: 76169990
- Country of Origin: CN
- Recommended Usage: Intensive

Common Dimensions

- Rung Depth: 35mm
- Distance Between Rungs: 297mm

Little Giant Classic Velocity Multi-Purpose Ladder

Product Description

The Little Giant Velocity incorporates the latest advances in ladder technology, making it lighter, faster, and easier to use—all with the same legendary strength, stability and versatility of the original Little Giant Classic Ladder. Setup and adjust your Velocity articulating ladder in seconds thanks to the new spring-assisted Rapid Lock® adjustments, which are easier to adjust than manual U-locks. Simply twist the lock to release and adjust the ladder, then twist to lock. The patented Double-Lock hinge and telescoping sides make it a true multi-use ladder that can be used in dozens of unique configurations, as an A-frame, extension, staircase and 90-degree ladder, and even as a trestle-and-plank scaffolding system (plank and trestle brackets sold separately). The Little Giant Velocity is constructed of special aircraft-grade alloy that makes it 20% lighter than any comparable industrial-rated ladder that with its wide flared legs provide an unmatched feeling of safety and stability. Plus the Tip & Glide™ wheels make for easy transport from job to job.

Shipping Dimensions

SKU	Barcode	Shipping Length (mm)	Shipping Width (mm)	Shipping Depth (mm)	Shipping Volume (m³)	Gross Weight (kg)
