

# Little Giant Revolution Multi-Purpose Ladder

## Specifications

- Warranty: Lifetime
- Max Load: 150kg
- Standard: EN131
- Material: Aluminium
- Commodity Code: 76169990
- Country of Origin: CN
- Recommended Usage: Intensive

## Common Dimensions

- Rung Depth: 35mm
- Distance Between Rungs: 285mm

## Availability & Delivery

Stock item. Delivery next day.

(See exceptions, if applicable, overleaf)

# Little Giant Revolution Multi-Purpose Ladder

## Product Description

For over 40 years the original Little Giant Ladder has set the standard for articulating ladders. Today there's a new revolution in lightweight ladder technology—the Revolution from Little Giant! The Revolution uses the latest military grade aluminium technology. Therefore, it is ultra-strong, without adding weight, remaining light, and portable. Adding even more stability to our safest ladder was not easy. However, the revolutionary Quad-Lock™ hinge system does just that. The Quad-Lock™ hinge locks into place with four pins for increased stability and overall safety. The Revolution features a redesigned Rock Lock™ system that makes adjusting your ladder quick and easy. Simply push the lock to release, adjust the ladder, and then tap to lock. It is simple, fast, and safe. Since it is adjustable, the Revolution can be used safely on stairs, ramps, curbs, docks, or other uneven surfaces. The wide flared legs, Rock Locks™, Quad-Lock™ hinge, and military grade materials combine to make it the strongest, safest ladder on the planet.
