

TASKMASTER Aluminium Professional Extension Ladder

[Representative image of product]

Product Description

Optimised for professional and trade use, the TASKMASTER ladder offers unparalleled quality for industrial and trade users. It is manufactured to the latest EN131 Professional standards and is supplied with a stabiliser bar for enhanced stability and safety. Please note the bar requires fitting before the first use, and once fitted, it must not be removed from the ladder. Crafted from lightweight yet robust aluminium, the ladder provides a secure platform for a safer working experience. It boasts thicker box section stiles than most alternatives, reducing the likelihood of twisting and ensuring longevity. Proudly manufactured in the UK, the TASKMASTER ladder comes with an extended 3-year warranty, promising durability and service for years to come. Please be advised, recent standard changes mean that the sections of this ladder are now permanently affixed and cannot be separated.

Features

- Commercial strength box section construction with twist proof rung joints
- Reduce fatigue with deep, comfortable D-shaped rungs
- Slip-resistant high traction rungs
- Stabilising bar supplied with ladder - requires fitting before first use
- Anti-slip rubber feet
- *Please note that the 2.5m & 3.0m Single Section Ladders do not require a stabiliser bar for use

Specifications

- Brand: TB Davies
- Warranty: 3-year
- Max Load: 150kg
- Standard: EN131 PROFESSIONAL
- Material: Aluminium
- Commodity Code: 76169990
- Country of Origin: UK
- Recommended Usage: Regular

Common Dimensions

- Rung Depth: 30mm
- Distance Between Rungs: 250mm

Packaging Material

- None

Availability & Delivery

- Stock item. Delivery next day.
- (See exceptions, if applicable, overleaf)
