

WAREHOUSE Aluminium Trade Warehouse Step

[Representative image of product]

Product Description

Manufactured in the UK, this Aluminium Warehouse Step is constructed from Class 1 materials including heavy-duty channel section aluminium for maximum strength. The step is further strengthened by double riveting throughout including treads and the platform, giving additional stability. Fitted with handles and a large chequer plate platform (450 x 360mm) is large enough to work comfortably from stock picking. You can tilt the step backwards and use the rear wheels to move the warehouse step into position easily and without needing to lift the whole unit. The aluminium warehouse step is supplied in knockdown format for easy transport and will require some assembly before first use.
