

Velocity Multi-Purpose Ladders

[Representative image of product]

Product Description

The Little Giant Velocity incorporates the latest advances in ladder technology, making it lighter, faster, and easier to use—all with the same legendary strength, stability, and versatility of the original Little Giant Classic Ladder. Setup and adjust your Velocity articulating ladder in seconds thanks to the new spring-assisted Rapid Lock® adjustments, which are easier to adjust than manual U-locks. Simply twist the lock to release and adjust the ladder, then twist to lock. The patented Double-Lock hinge and telescoping sides make it a true multi-use ladder that can be used in dozens of unique configurations, as an A-frame, extension, staircase and 90-degree ladder, and even as a trestle-and-plank scaffolding system (plank and trestle brackets sold separately). The Little Giant Velocity is constructed of special aircraft-grade alloy that makes it 20% lighter than any comparable industrial-rated ladder that with its wide flared legs provide an unmatched feeling of safety and stability. Plus the Tip & Glide™ wheels make for easy transport from job to job.

Features

- New, lighter aerospace grade aluminium construction
- Redesigned Double-Lock Hinge
- Spring assisted Rapid-Locks® for easy adjustment
- Splayed base for unmatched stability
- 24 ladders in one
- Tip & Glide™ wheels for easy transport

Specifications

- Brand: Little Giant Ladders
- Warranty: Lifetime
- Max Load: 150kg
- Standard: EN131-4
- Material: Aluminium
- Commodity Code: 76169990
- Country of Origin: CN
- Recommended Usage: Intensive

Common Dimensions

- Rung Depth: 35mm
- Distance Between Rungs: 297mm

Availability & Delivery

Stock item. Delivery next day.
