

# Leveler Multi-Purpose Ladders

[Representative image of product]

## Product Description

Using a ladder outdoors has always had its challenges, but the Little Giant Leveler changes that experience. Whether you work on unlevel ground or set up your ladder on a staircase, the Leveler can handle it. **ADJUSTABLE RATCHET LEG LEVELERS** Uneven terrain? Not a problem. With the Ratchet leg levelers, you can adjust the ladder's legs in seconds, allowing you to stabilize the ladder on unlevel ground. The retractable legs yield more than 178mm of leveling adjustment. **MULTI-POSITION LADDER** The Leveler is the ladder that helps you complete any given task with ease. Set up the ladder in different configurations that suit the project at hand, like A-frame, extension, staircase, 90-degree or trestle-and-plank scaffolding. It's fast and easy. And when you're done, you can pull your ladder home on its own wheels.
