Stock item. Delivery next day.

Product Description

Ladder Base is made from rubbers and polymers that provide excellent grip on a range of surfaces. Designed to stop your ladder from slipping the Ladder Base is ideal for double and triple section extension ladders as well as multi purpose ladders that are often wide at the base. Fabricated from a single piece mould that gives additional strength and longer life.

Features

- Reduces chance of movement at the foot of the ladder
- Protects the surface on which the ladder would normally stand from damage
- Reduces wear on the ladder legs
- 1m extra-wide
