

TB Davies CENTER-FOLD Aluminium Industrial Tower

[Representative image of product]

Product Description

The heavy-duty CentreFold is a work platform that is easy to build and ideal for one-man operation. Supplied as a base unit plus guard rail to give 6 optional platform levels between 0.2—1.7m. The CentreFold comes in two sizes, a 1.5m narrow or 2.0m wide version. Note that the 2.0m wide version has an increased safe working load of 250kg. Both versions are extremely portable and will fit when folded, through standard doorways to make it easy to use in the tightest of spaces. Large industry rated 5 x castors that are lockable, help improve the transport of the tower across smooth or rough surfaces. The number of components is greatly reduced by the unique folding mechanism that reduces the chance of leaving items at site.

Note the Work Load Capacity for the 3010-012 is 150kg

Features

- Large working platform with 6 x optional heights
- Supplied with base unit and guardrail
- Fitted with lockable castors and non-slip platform boards
- Passes easily through standard doorways
- Heavy-duty aluminium construction

Specifications

- Brand: TB Davies
- Warranty: 5-year
- Max Load: 250kg
- Standard: BS EN 1004:2004
- Material: Aluminium
- Commodity Code: 76169990
- Country of Origin: UK
- Recommended Usage: Intensive

Common Dimensions

- Platform Length: 2000mm
- Platform Width: 700mm
- Distance Between Rungs: 250mm

Packaging Material

- None

Availability & Delivery

- Non-stock item. Delivery up to 7 days.
(See exceptions, if applicable, overleaf)

Product Dimensions

SKU	Platform Height ² (mm)	Approx. Working Height ¹ (mm)	Overall Height (mm)	Stabiliser Length x Width (mm)	Nett Weight (kg)
3010-012	1700	3450	2650	n/a x n/a	29.0†
3010-013	1700	3450	2650	n/a x n/a	43.0†

Where applicable, Approx. Working Height¹ is an approximate calculation of 1.75m (5'8") plus platform height or last climbing tread, whichever is appropriate.

Ladders set at an angle of ~75° degrees.

† Heavy Item – 2-person lift required.

² Can be used as a free standing tower with a platform height of up to 8m (26ft) outdoors or 12m (39ft) indoors. To go beyond these limits the structure must be tied off according to the manufacturer's instructions.

Please note that products marked '**Special Order**' cannot be cancelled and are non-returnable once orders are acknowledged and placed.
