

Light-Duty DIY Scaffold Tower

[Representative image of product]

Product Description

The 4.4m Light Duty tower is a strong but lightweight aluminium scaffold tower ideal for jobs around your home or garden. Perfect for jobs that need you to work at height, especially where the jobs require both hands like painting or replacing guttering. Easy to erect and simple to move around, just tilt it back and push around on its wheels. Easily store in your garage or shed when not in use. Supplied with stabilisers, second work platform and parts required to get to 4.4m platform height. This scaffold tower will bring the roof line, soffits and guttering well within reach.

Features

- Lightweight, easy to push around on wheels
- Fixings do not require tools, so set up is quick
- Ideal for occasional use around your home or garden

Specifications

- Brand: TB Davies
- Warranty: 5-year
- Max Load: 150kg
- Standard: NFE 85-200
- Material: Aluminium
- Commodity Code: 76169990
- Country of Origin: IT
- Recommended Usage: Occasional

Common Dimensions

- Platform Length: 1430mm
- Platform Width: 510mm
- Distance Between Rungs: 0mm

Light-Duty DIY Scaffold Tower

Product Dimensions

SKU	Platform Height ² (mm)	Overall Height (mm)	Approx. Working Height ¹ (mm)	Stabiliser Length x Width (mm)	Nett Weight (kg)
3010-070	2430	3700	4030	4200 x 3200	34.4
3010-073	4460	5730	6060	4200 x 3200	68.4

¹ Working height is calculated as 1,600mm plus platform height or last climbing tread, whichever is appropriate.

² Can be used as a free standing tower with a platform height of up to 8m (26ft) outdoors or 12m (39ft) indoors. To go beyond these limits the structure must be tied off according to the manufacturer's instructions.
