

92cm, 122cm, 153cm, 183cm ENCLOSED, FIBERGLASS PLATFORM LADDER

1. SIMPLE SETUP AND STORAGE

One movement, one person, one second—that's all you need to handle the Fortress like a pro. Just push the platform handle to deploy or pull it to fold.

2. ENCLOSED PLATFORM

The extra-large standing platform features a gated, wraparound enclosure that shuts automatically when you step in.

3. GROUND CUE

Show your ankles some love. 20% of ladder accidents come from missing the last step on the way down. With the Ground Cue[®], putting weight on the bottom step makes an audible and tactile "click," letting you know you've reached the final step of the ladder.

4. INNOVATIVE TOOL TRAY

Slots, holes, hooks, and a closeable container. This versatile top cap is our best one yet—plus, you can lean on it.
